0:00:51 The Smurfs 2 Michael Scott Pointy Ears Official Trailer The Smurfs 2 Michael Scott Pointy Ears Official Trailer The Smurfs 2 Michael Scott Pointy Ears Official Trailer Please help make our channel better by leaving your opinions in the comments section. Also, please subscribe and give a thumbs up to increase our subscribers in the future. Thanks! The Perfect Movie REVIEW | The Smurfs 2 - What? Yes, the entire heart of creation came from one, original home-made dumpling of pure, raw, magic! ;) Scrolling down the list of glorious song titles in this movie, however, you find yourself just being hit over the head with incredible earworms. This movie just does not stop: There are nearly 10 songs in the soundtrack. Is something magical going on there? In our conversation with David McCullough, we looked at all the songs from the movie, and he spilled the beans on some really interesting little secrets. There is some obvious brilliance in the work of songwriters and movie producers John Morris and Christopher Willis on this project, and they rose to the occasion on this wonderful new film. Maybe the most interesting part of this movie is that it only continues the story started with the original live-action film from the 1970s. It's great that this sequel exists because it takes the characters and their story to a whole new level, and shows us why we fell in love with these characters and the brilliant, magical world they dwell in to begin with. We hope everyone who sees the movie takes in the beauty of this amazing visual novel. 6:01 The Smurfs 2 Live Action Full Movie The Smurfs 2 Live Action Full Movie The Smurfs 2 Live Action Full Movie The Smurfs 2 is an Action-AdventurePlatformer game that follows the story of the second movie of the Smurfs that takes place in New York and Paris. You will take the role of Gargamel, and begin your search to capture the Smurfs, whose boundless energy could destroy Gargamel's experiments once and for all.
