## DevExpress VCL 15.2.2 With DxAutoInstaller 2.1.5

To copy the latest version of Delphi applications on your Pc, a good solution is to use the tool "DxAutoInstaller". The latest version of this tool is 2.1.5. This version supports the major features of the latest version of DevExpress VCL. The major changes compared with the previous versions of DxAutoInstaller: - Support for DevExpress VCL 60 (DXA). - New features: - Support of menu bar. - Support of toolbars. - Support of panels. - Support of status bar. - Full source (XE10.1 and up). - Devexpress DXA VCL 2015 (for Delphi 12, 5, 4) with DXAutoInstaller. - The list of components is updated every day. - The component's code quality is checked before publication. - Support for Delphi 2010. - Support for Delphi 2009. - New assembly compatibility checks. - Easy install of VCL components. - Auto-load library. - Ability to save specific assemblies. - Exemple: ability to activate/ deactivate some components. This version is released on February 13, 2016. AeroXpress for Delphi contains the latest version of DXA, DXAutoInstaller 2.1.5. Features: - Install the latest version of components that support the latest version of Visual Component Library. - Install missing components and libraries. - Auto-add missing assemblies. - Ability to activate/ deactivate components. - Ability to disable some components. - Ability to save specific assemblies. - Ability to copy the new or updated component's source code without going through the procedure of an installation. - Support for Delphi 2007, 2008 and 2009. - Save full file system. - Support for Delphi IDE 2007, 2008 and 2009. - Support for Windows 10. - Support for libraries. AeroXpress for Delphi has a great framework where you can integrate the installation of your assemblies. Many components have the files dxaoi.dll and dxaoi.xml that you can use to automate your installation. The installation is very simple and can be finished in less than 1 minute. AeroXpress for Delphi supports: - Visual Component Library (D8, D10, D2009, D2006, D2007) - Windows Forms (D2007, D2010 79a2804d6b
